

PART TIME PUNKS

G
Walkin' down the kings road,
C
I see so many faces

They come from many places
G
They come down for the day

They walk around together
C
And try and look trendy

I think it's a shame
G
That they all look the same

Here they come
C
la la la la la la

la la la la la la
G
The part time punks!
x2

Then they go to Rough Trade
C
To buy Siouxsie and the Banshees

They heard John Peel play it
G
Just the other night

They'd like to buy the O Level single
C
or Read about Seymour

But they're not pressed in red
G
So they buy The Lurkers instead

Here they come
C
la la la la la la

la la la la la la
G
The part time punks!
x2

They play their records very loud
C
And pogo in their bedroom

In front of the mirror
G
But only when their mums gone out

They pay half fares on the buses
C
And they never use toothpaste
G
But they got two fifty to go and see The Clash.

Tonight!

Here they come
C
la la la la la la

la la la la la la
G
The part time punks!
x2

The part time punks!
The part time punks!
The part time punks!
