

No Room For You

G/// G/// G/// G///

G D
Well we don't go there any more
G
it's boarded up the doors are closed
D
but you remember those weekend nights
G
when everything was alright

G D
Ran by youth somewhere to go
G
meet all your mates everyone you know
D
and all the gigs you wanted to see
G
it was something very special for me

[CHORUS]

C
and do you know the reason
G
why it all fell through
D G
they got no room for you at all
C
and do you know the reason
G D
why it all fell through for you - they got no room for you

G D
Well I could be talking about some where else
G
turns around it's all the same
D
what the kids want don't matter one bit
G
It's something to you they'll treat you like it

[CHORUS]
